February 11, 2010

Dear Friends:

Please join me and the NOPE Task Force in holding a Candle Light Vigil in your county on October 28th, 2010 during RED RIBBON WEEK. NOPE's 4th Annual National Candle Light Vigil will be held in memory of those who have lost their lives due to addiction and for the many survivors who continue in their honor. The Candle Light Vigil is a reminder of how important our prevention, education and treatment efforts are.

I urge you to become involved in a NOPE chapter in your community and provide help for those at risk or who are suffering from addiction. Your involvement is a great help to your community and to Florida.

Thank you for your support of the NOPE Candle Light Vigil, October 28th.

Sincerely,

A handwritten signature in black ink that reads "Bruce D. Grant".

Bruce D. Grant

Director

Florida Office of Drug Control
